MEDICINE FOR OUR HEALTH

As I write this newsletter column, I am literally weeping! I am weeping because so many people in our churches today are not in God's Word on a daily basis; some not even on a weekly basis. It is clearly evident by the "off balance" behavior of some. Do I behave correctly ALL the time? No, I do not. However, I like to think that I make a conscious effort to treat others with the respect that is due to them as Christians.

I take a lot of different medications for physical pain, and other meds have been added to keep me healthier since my heart attack three years ago. As I contemplate on my physical health I cannot help but think of my spiritual health as well. Scripture is the prescribed medication for all Christians. When we do not take our medication for our spiritual health, our spiritual lives can spiral out of control.

If you take medications for your physical health, by all means, continue taking them as prescribed. If you do not take them as prescribed chances are good that it will become clear to you and to others that you are not in good health. If you are not taking in God's Word daily to maintain good spiritual health, that also will become clear to you and to others that you are not spiritually healthy.

If every Christian would take their daily spiritual medication as prescribed by the Great Physician, there would be no need for Christians to weep for other Christians and for the Christian Church!

Stay Tuned!

Blessings, David C. Adams, Worship Leader
